

The convention edition of THE CONSTITUTION will be issued to-morrow morning. This postponement of a single day was made on the advice of Dr. Morris, who determined on our part to postpone it and arrange the numerous advertisements that the edition will contain. There is room for more advertisements however, and all such favors should be handed in as soon as possible to-day.

JERRY Black's article on the electoral commission is a scorcher. We will print the substance of it to-morrow.

The convention edition of THE CONSTITUTION will appear to-morrow.

FACT AND RUMOR.

—Merchandise—Send in your favor early to-day for the paper to-morrow.

—Mr. Clark Howell, Jr., was a candidate for tax collector of the city. By mistake the name of his father, who is not a resident of the city, was substituted in the list of candidates there were no entries on Sunday morning.

—In so far as marks go, it is the most in the column marks for the first meeting of the Postmestor's Society last Saturday by Mr. Moses Cole, the secretary, he stated that the year up was unusually fine, but that there is a great deal of light in this section. The crop, however, may yet turn out faulty.

—Dr. J. P. Drongolee of the firm of J. P. Drongolee & Co., Louisville, Ky., called to see us yesterday, and remained us that to-morrow we will have a large advertisement in his house in the CONSTITUTION.

—The excursion from Montgomery, Columbus and other cities, which will arrive here this afternoon, will bring a large amount of trade.

—All the military will be out tomorrow, and we will not have so dull a fourth after all.

—Yesterday was the warmest of the season. Several gentlemen complained of symptoms of sunstroke, and one or two rumors of females fainting were out the streets. In some localities the mercury went as high as 98 in the shade.

—Bishop Friesch preached the communion sermon last Sunday at the North Georgia Agricultural college. A number of distinguished Georgians will visit Dahlonega this week.

WASHINGTON, July 2.—The paymaster general of the army announces that Drexel & Co. will charge six per cent per annum for advances of pay for July, August and September. The officers may draw on them for ninety-five percent.

—A resolution was passed by the Senate on the interest of the public debt, since 1876 is nearly ten millions, and is attributable to the funding operations.

James T. Porter, traveling through the country as a secret agent service, is published by that branch of the treasury as a fraud.

Gov. McCormick acts as secretary during Sherman's absence. Pressure for employment is almost overwhelming.

Judge Lemuel D. Evans, ex-member of congress from Texas, is dead. Aged 68.

The condition of the national banks, at the close of business, June 22, wangled the attention of the country.

The failure finally to appoint Hyman, colored, ex-member of congress, as collector of internal revenue of the second North Carolina district, is looked upon as a serious indication that the administration is defective in the important respects. It is now over a year old, and going ahead. It is represented that the halting policy in this case has frustrated the new party in North Carolina. Deputy Marshal Franks will be remanded to North Carolina for trial. Commissioner Plautus considers that having the primary hearing of this case in Washington would be political for purposes. The amount involved is not five hundred dollars and the expense and notoriety created by the unusual mode of procedure is comparatively enormous. The object seems to have been to damage Marshal Douglass, and his friends may be disappointed.

This case sounds the Hyman fracture. Two appointments were announced last night, a collector of the revenue for the tenth Ohio district and of customs for the Oswego, N. Y., district. The president must have worked Sunday.

—Major General Chester and Captain Elder, with others interested in the Louisiana affairs, were in consultation at Willard's this morning.

The colored delegation from Charleston in the interest of pure blood have made no demonstration this morning.

It has transpired that the attorney general in the brought against Jacob Thompson, of Mississippi, by Zach Chandler, then secretary of the interior, for several millions, on account of Indian bonds.

Rear Admiral Thomas H. Patterson will be assigned to the command of the South Atlantic vice Commodore Coldwell. He is expected home about the 1st of September.

Minister Noyes sails for Paris Saturday; Minister Lowell for Madrid on the 14th of July.

Assistant Postmaster General Tyner is gone for two weeks.

Private Secretary Rogers is gone for one week.

Work was resumed in all the navy yards to-day. Old workmen are intended to have the preference.

Lieutenant Blouin, has been relieved from duty as professor of military science and tactics at East Tennessee university, with full pay.

The naval minister took the initiative in the alleged Elsinethington outrage affair. He called on Evans, and assured him that reparation, if any was found proper, would be made.

Evans took no action beyond requesting the secretary of the treasury to ascertain facts through the revenue cut-tent.

F. B. Hunt, a discharged patent lawyer, has filed charges of corruption against Patent Commissioner Spear.

Collector Wilkins, of Baltimore, refusing to resign, has been suspended.

Thomas takes possession of the custom house to-morrow.

The debt statement has decreased for March \$3,250,000; coin in treasury \$15,125,000; currency \$6,000,000.

Deputy Marshal Franks, was held in \$5,000 bond for his appearance before the November term of the United States district court for North Carolina at Charlotte.

General Mata, representing Diaz, has arrived. His sole object is to be recognized as minister of the Mexican government, and for this purpose will have an interview with Mr. Evans as soon as he arrives. He is engaged in negotiations with the Diaz government, he has full power to treat for the protection of the Texas and American border. He can see no reason why he should not be recognized. General Mata, in conversation to-night, asserted a strong desire, on the part of his government, to prevent the entry of persons of the frontier, and in this connection exhibited an order from President Diaz to Gen. Revino commanding on the Rio Grande, dated June 18th, ordering him to make such disposition of his troops as would best preserve order on the frontier.

Mata says Mexico is as peaceful as ever, and that he has no objection to the revolution as placed Gen. Diaz in the presidential chair, and he emphatically denies that his mission is to negotiate six northern states for one hundred million dollars.

—Promises kept inspire confidence, and Dr. Bull's Baby Syrup never promised relief in the diseases of childhood without at once effecting it. Hence the popular reliance upon it. Price 25 cents a little.

FLIPPER AGAIN. —

Flipper has flopped up again, and seems to be decidedly in luck. He has been transferred to the Tenth cavalry, which is allied to a New Orleans paper as the "Tenth Nubian Light Foot." This, it seems to us, is a dark hint as to the color of this gallant corps, but as the state of Texas lies somewhere between New Orleans and the Rio Grande, we suppose the matter will be allowed to pass. But as to Flipper, he's got his regiment and he has had a reception at the hands of his colored friends and acquaintances in New York. Common people are generally embarrassed at receptions given to themselves, but not so with Flipper. The reception was exceedingly high-toned, as well as highly-colored, and took place in the rooms of the "Lincoln literary musical association." Flipper, rigged out full uniform, with a yellow hor-e-hair plume flowing felicitously over his cavalry helmet, sailed in, according to accounts, just as clipper and as fast as you please. There was no longer heard around, but the familiar sound of the band, which was composed of a harp and a violin, made its absence painfully apparent. There were few speeches, but the affair was decidedly formal. When everything was ready for business, a party of the name of Garnett rose and introduced Flipper, and in the course of his remarks took occasion to attack the newly-made lieutenants by accusing them of wearing "the shadowed livery of the burnt sun." Whereupon Flipper got up, placed his hands on the belt of his sabre, and bowed. The crowd then shook hands all around, the music played and lemonade and ice cream were brought out from their hiding-places, and all went merrily as the milkman's bell. As we said before, Flipper is in luck. He is a distinguished young man. He will reach home during the present week, and it is to be hoped that his friends here are ready to give him a ice-cream lunch, or something of that kind.

The way in which Grant became in England a bigger man than Queen Victoria was not, it seems, a matter of spontaneous popular expression. Pierrepont and Adam Bedeau spent weeks in working up the programme and securing invitations from lords and commons. Pierrepont lobbied for the invitations on the ground that such compliments would be received in the United States as a friendly overture to the American people, who would in return forget all about the course of England during the civil war, and would not retaliate if she became complicated with the struggle between Russia and Turkey.

JAMES F. WILSON, who was the chairman of the Iowa republican convention, is a government director of the Union Pacific road; but it is now claimed that he was elected a delegate before the president's order appeared, and that the order is not supposed to be an ex post facto one. This is too thin. Why did not Mr. Wilson resign his representative trust in the republican party? He has wilfully violated the order forbidding office-holders from taking part in political conventions, and we shall see what we shall see.

The attention of our business men is called to the convention edition of *The Constitution*, which will appear tomorrow morning regardless of weather.

IN BULGARIA.

THE UNIVERSITY MATTER.

The letter of "Trustee" in another column refutes numerous misrepresentations; but I am no wiser than the great defensive line was in fact forced at only two points, but these give the Russians command of every important point on the Danube from a war standpoint, except Rustchuk and Silistra. They control both banks from the Black sea to or at least near Silistra; the Roumanian bank from Silistra to Rustchuk, and both banks from Rustchuk to Widin. The Turks still hold, or did hold on Sunday, the northern or river front of the quadrilateral. This, however, makes no difference in the Russian campaign. Every day adds to the hordes of Russians on Bulgarian soil. They will soon be strong enough to advance from Sisova, isolating Rustchuk and cutting the railroad between Varna and Shumla. All the fortified angles of the quadrilateral will soon be separated. The Russians outnumber the Turks three to one and they can outnumber them in Bulgaria five or six to one. They are simply irresistible, and the result is only a matter of time, if no other nation comes to the assistance of the Turk. If, as is reported this morning, Rustchuk has been abandoned, Silistra will be masked, and Shumla will straightway become a point of great interest. It cannot, however, check the Muscovite tide; that will soon sweep through the Balkan passes to pour itself on the city that has long been coveted.

The republicans of Ohio are sadly in want of a man who is willing to stand up and be slaughtered at the head of their ticket next October. Any number that has been named has declined. One has legal business that must be attended, another wants to go to Europe, and no one wants to be the republican candidate for governor. The Cincinnati Enquirer advises the radicals to turn to the university to be requested to publish these resolutions.

ATHENS.—The propaganda last year received congratulations amounting to \$16,190—a gain of some \$7,000 over last year. Over one-half of the money came from the United States, France sending \$8,000. North America is down upon the list for \$24,450 only.

FLORA TEMPLE, once queen of the Turk, is dying near Philadelphia. She is gaunt, lame and decrepit—a shadow of her former self. She is now 82 years old, and is 18 years since she knocked the seconds out of 230.

ST. JOHN'S will realize about 90,950 per cent of her income, which is now being used to pay off debts.

THE DAILY CONSTITUTION: ATLANTA, GA., TUESDAY MORNING, JULY 3, 1877.

SKETCHES

MEMBERS OF THE CONSTITUTIONAL CONVENTION.

H. N. Hollifield, B. F. Tharpe, J. B. Twitty, F. C. Furnace, Jas. M. Davis, H. F. Horne, L. N. Trammell, W. K. Moore, R. L. Rowe, L. L. Hardy, W. Russell, R. D. Render, T. M. Awtry, W. A. J. Phillips, B. F. Burnett, L. C. Featherston, J. Scroven, S. H. Mosely.

HORATIO N. HOLLIFIELD, TWENTIETH DISTRICT.

The subject of this sketch was born in Annerundel county, Maryland, on the 1st day of September, 1832. He was a son of Dr. W. L. Hollifield, a native of the State of Maryland, and for many years a resident of Washington county, Georgia, and a grandson of Capt. John D. Nelson, of Charleston, S. C.

Dr. H. N. Hollifield was educated in Philadelphia. He read medicine under Dr. Samuel McClellan, and graduated at the Medical College of Philadelphia in the spring of 1854; was married the following May to Miss Clara P. Holtz, and moved early in the year of 1855 to Sandersville, Washington county, Ga., and commenced the practice of his profession. He was elected in the year 1861 one of the Judges of the Inferior Court, and re-elected in 1865 to the same office. He is a member of the Board of Education, and has been County School Commissioner since the creation of the office to the present time.

Dr. Hollifield was captain of a battery of light artillery in the State service. After the disbanding of the State troops he was appointed surgeon in the Confederate service. Was post surgeon in Florida, and afterwards post surgeon at Columbia, S. C., where he remained until that city was evacuated and burned by General Sherman. He was one of the founders of the fair ground and agricultural society of Central Georgia, and one of the originators of the Sandersville and Tennille Railroad. He is a bright Mason and a Knight Templar. He is also the Grand Worthy Primate of the Grand Lodge of United Friends of Temperance of Georgia.

He stands high in his profession; has a large and lucrative practice, and is esteemed in the county where he lives as a citizen of unblemished character. Is a Democrat in politics, and foremost in every public enterprise which has for its object the advancement of the interests of Washington county. He is a fine scholar and popular with all classes.

B. F. THARPE, TWENTY-THIRD DISTRICT.

There is in the list of delegates quite a number of ministers of the gospel—not the kind that use their religion to promote their politics—but good men who possess the respect and esteem of their constituents, and who have been selected on account of their intelligence. To this class belongs Benjamin Franklin Tharpe, D. D. He was born in the county of Twiggs, near Macon, Ga., in September, 1810. He is a minister of the gospel, and his father before him—Rev. Vincent Tharpe—was a minister and a contemporary of Rev. Jesus Mercer.

Mr. B. F. Tharpe is the oldest son of the children. He went to school many years at Penfield—when Mercer College was located there, and was a student in this college. He finished his education afterwards at the Newton Theological Seminary, New Haven, Conn. In 1843 he married Miss Martha A. Jackson, and has been engaged in planting in Houston county. He is at present the pastor of the Baptist church at Perry and at Henderson, and has the love and esteem of his congregation.

He has never been in office outside of his church, and was selected as a delegate on account of his great firmness and integrity of character. About two years ago Mercer University conferred on him the degree of Doctor of Divinity—an honor he was entitled to.

JOHN B. TWITTY, EIGHTH DISTRICT.

Dr. John Barber Twitty is a citizen of the celebrated county of Mitchell. He was born in Lancaster District, S. C., in 1822. In 1855 he married Miss Nannie H. Flake, of North Carolina. His father was a Virginian of high character, and an honest upright farmer. His mother was from North Carolina.

Dr. Twitty was educated in South Carolina, and graduated as a physician in 1851, in Charleston, S. C., and moved to Georgia. From 1860 to 1866 he was Judge of the Inferior Court of Mitchell county, since then he was Judge of the County Court of Mitchell, Chairman of the Democratic Executive Committee of his county; President of the Agricultural Society of Mitchell; Superintendent of the Evergreen Baptist Sunday-school, and Moderator of the women (Baptist) Association.

Dr. Twitty is a man of culture and refinement, a practical physician and farmer. He ran on the "No Convention" ticket and was elected by a very large majority over his opponent. There is no more conservative man in the Convention, and we are satisfied he will be one of its useful members.

FARISH C. FURMAN, TWENTIETH DISTRICT.

Farish Carter Furman was born in 1846, at Scottsboro, Baldwin county, Georgia. He is the son of Dr. John H. Furman, of South Carolina, and the grandson of the celebrated Dr. Richard Furman, a Baptist divine, after whom Furman University, in Greenville, S. C., was named. His mother was the daughter of Col. Farish Carter, a prominent citizen of this State, and after whom Cartersville, Ga., was named. She was also the niece of that distinguished and honored son of Georgia, Gov. Charles J. McDonald.

The subject of this sketch is a young man of prominence in this State. He was educated at Oglethorpe University; the Citadel at Charleston, and finished his education by graduating at the South Carolina University in 1868. He commenced the study of law soon after he left college, and in 1870 was admitted to the bar in Macon, Ga., having studied law in the office of Nesbit & Jackson. He entered immediately upon the practice of his profession, and was appointed Judge of the County Court in 1873, the duties of which office he discharged with great ability.

He was too young to be an active participant in the first years of the war. But his dauntless spirit and brave heart carried him, as young as he was into the strife, and the last year of the war he was a gallant private in Elliott's South Carolina brigade.

In politics he has always been a strong Democrat. He was elected to the Senate in 1876, and has served one term in the Georgia Senate. He is a good speaker, a firm friend and an earnest worker. He is a man sleepless and untiring energy, and will make a valuable member of the Convention.

JAMES M. DAVIS, TWENTY-THIRD DISTRICT.

James McCormick Davis was born in the county of Bibb, Ga., in 1817. He was married in 1843 to Miss Tharpe, and has been a citizen of the county of Houston, in this State, for a number of years. He was for several years Judge of the Inferior Court of Houston county, and has been Chairman of the Board of Commissioners of this county for four years.

Judge Davis is a planter and a leading Democrat. He is an intelligent, public spirited citizen, and possesses the confidence of his people.

HENDLEY F. HORNE, SECOND DISTRICT.

Hendley Foxworth Horne represents the county of Liberty in his district. He was born in South Carolina, Jan. 19, 1814. He was married to Miss Anna S. Parker in 1832. His father was a soldier under Gen. Francis Marion. He is related to the Hendley's and Foxworth's of South Carolina.

Mr. H. F. Horne was educated in Liberty county, and is a prosperous farmer. He was a member of the Convention of 1865, and was for several years a Justice of the Peace and Judge of the Inferior Court. He commenced life a poor man, and has accumulated considerable property, which was swept away by the war. Since then he has been working hard and has regained a competency, and is one of the successful men of his part of the State.

LEANDER N. TRAMMELL, FORTY-THIRD DISTRICT.

Leander Newton Trammell was born in Habersham county, Georgia, in the year 1830. Was educated at Hiwassee College, Tennessee, where he took a high grade in all his classes. He was

married to Miss Z. J. Barclay, daughter of Major E. S. Barclay, on the 23d day of April, 1856.

His father, Mr. John Trammell, was a prominent citizen of Habersham county, and an old line Whig, who represented that Democratic county more than once in the State Senate.

Col. Trammell has held various positions of trust. First, he was elected to the Legislature from Catoosa county in 1861, and continued to represent that county until 1865. Second, in 1867 he was elected to the Constitutional Convention from the county of Whitfield, and did much towards keeping out of the Pope-Bullock Constitution many bad provisions that the carpet-baggers and ignorant negroes sought to have incorporated in that instrument. Third, he was nominated in 1868 by the Democratic party of the Forty-third District for the State Senate, which nomination he declined, but by his party, which he accepted, and was elected by a very handsome majority. Fourth, he was elected President of the Senate in 1871, and re-elected in 1873—presiding over the deliberations of that body for two sessions without having an appeal taken from any one of his decisions. Fifth, in 1874 he was nominated for Congress by the Democratic party of the Seventh Congressional District, but declined the contest for the harmony of the party. Sixth, and lastly, he was elected to the present Constitutional Convention without opposition.

Like thousands of other gallant sons of the South, when his State declared he swore allegiance to her, and went into the struggle for Southern independence as a Captain in the Confederate army. He is a farmer by profession, and an unwavering Democrat in politics.

WILLIAM K. MOORE, FORTY-THIRD DISTRICT.

William K. Moore was born in Augusta county, Virginia, in 1830, and resided there until 1847, when his father and family removed to Chattooga county, in this State.

In May, 1849, he settled at Dalton, and studied law; was admitted to the bar in 1850, and has resided in that town ever since, with the exception of the years of the war, when he was in the army of the Confederacy—first as a Captain of infantry, then of cavalry, and the balance of the war as quartermaster of the Fourth Georgia Cavalry.

He was married in 1856 to the eldest daughter of Chancellor Lucky, of Jonesborough, East Tennessee, and has six children.

In 1859 he was elected to the State Senate, and served as such for two terms. This is the only time, until the recent election, that he has ever been a candidate before the people. He was nominated and elected to the present Convention without opposition.

He was, while living in Virginia, and not attending county schools, engaged upon the farm, and he now (though a lawyer by profession, and enjoying a fine and enviable reputation at the Cherokee bar as one of its best and most successful pleaders) evinces a great fondness for agricultural pursuits—regarding farming as a manly, noble, healthy, and, if properly managed, very remunerative avocation, and to this business, having a small and very productive farm near Dalton, he devotes all his leisure time from his lucrative profession.

Col. Moore is a man of cultivation and refinement, a pleasant and forcible speaker, and is very popular with the masses. He is retiring in his nature, and very warm in his friendships. He is a Democrat of the old Jeffersonian school, and remarkably clear-headed in his political views. He is a man of unexceptionable morals, and as tender as a woman in his sympathies for the sufferings of others. The Forty-third District could not have selected a purer, wiser, safer or better man as delegate to the Convention, and he will be great service to the State in that capacity.

R. L. ROWE, THIRTY-SEVENTH DISTRICT.

R. L. Rowe was born in Meriwether county about 1840. His parents moved from Meriwether to Carroll, and died there. Dr. Rowe was educated in the schools of Carrollton, and is now a practicing physician. He has never sought nor held any civil office, but will make an active and useful member of the Convention. He represents the county of Carroll in his District.

LEMUEL L. HARDY, THIRTY-SECOND DISTRICT.

Lemuel L. Hardy was born in Troup county on the 5th of October, 1828, and received a plain but practical education in the home schools. He was married to Miss Huguley, of Monroe county. His father, a sturdy and successful farmer, was born in Virginia, married in South Carolina, and moved to Georgia in 1827. Capt. Hardy seems never to have been politically ambitious, having never had any other office than that of Notary Public. He served in the State troops during the war as a Captain. He was a Whig until the dissolution of the Southern wing of that party, and has since been a Democrat. He is a gentleman of enlarged ideas, and is keenly alive to the desires and necessities of his constituents in Troup county.

WARING RUSSELL, FIRST DISTRICT.

Waring Russell was born in Chatham county on the 31st of March, 1827, and received an academic education in Savannah. Isaac Russell, his father, was a Virginian by birth, a large wholesale merchant in Savannah, and held several judicial positions. His mother was Miss Perla Shetall, whose grandfather was one of the first settlers of Savannah.

Waring Russell has held various offices of trust and profit. He has been Sheriff of Chatham county, Inspector of Customs and Deputy United States Marshal. He was tendered the Marshalship of Georgia by President Buchanan, but declined the appointment. He occupied a civil position during the war, and did not enter the army. For many years Mr. Russell has taken a prominent and active part in national, State and county politics. He is one of the leading Democrats in Chatham, and is recognized as a power in the party. As a skillful political organizer, he is unrivaled, and is one of the most effective workers in the party. He is enthusiastic, energetic and untiring. The Radicals know him as the master spirit of Democracy in Chatham, and fear him accordingly. He will take a prominent part in the proceedings of the Convention.

ROBERT D. RENDER, THIRTY-SIXTH DISTRICT.

Robert Dawson Render was born in Meriwether county on the 11th of May, 1842. His parents moved to Meriwether from Wilkes. His father, Robert Lewis Render, was a son of Christopher Render of Wilkes, and his mother was a daughter of Thomas Anderson, of the same country. He graduated at Mercer University, where he took a high stand.

On the 25th of January, 1871, he was married to Miss Sallie E. White, of Lowndes county. His life, up to his election to the Convention, had been rather free from any political phases. He never held an office before, and was only carried into this one by the urgent insistings of his friends. In 1868 he was admitted to the bar after a fine examination, but since that time most of his attention has been devoted to planting. He is now a successful farmer. He has always been a Democrat. He is a gentleman of considerable culture and extensive readings. He takes a deep interest in all the live topics of the day, and in the Convention will, in all probability, be found among the progressive spirits of that body.

THOMAS M. AWBREY, THIRTY-SEVENTH DISTRICT.

Thomas M. Awbrey was born in Georgia about 1820. His parents were among the first settlers of Heard county, moving there soon after the county was organized. There they died and are now buried. Their son, Thomas, received a good plain education in the country schools of Heard county. About 1840 he was married to Miss Gay. He has frequently been Justice of the Peace, and has filled several offices in Heard county, and is now a Commissioner of its Roads and Revenues.

He has always been a farmer, and is now one of the most thrifty planters in his section. He did not enter the army in the late war, as he was legally exempt. Before and since the war he has been a Democrat in politics, and has been very earnest in his support of the party. He is a man of faultless private character, and is highly esteemed in his county. He is a deacon in the Baptist Church, and a zealous religious worker. His general reputation is of the best character, and he will be a good man in his State's counsels.

WILLIAM A. J. PHILLIPS, THIRTY-SIXTH DISTRICT.

William Alford Joseph Phillips was born in Wilkes county, Ga., on the 5th of July, 1808. His father, W. D. Phillips, was a far-

mer of limited means, and consequently his education was limited, extending only to reading, writing and arithmetic, which he studied at home. He was married January 1, 1835, to Mary H. Smith. He has held various offices. Has been Sheriff of his county; was a member of the Convention of 1850; has represented Meriwether county three times in the Legislature. For thirteen years past he has refused to accept office until his friends elected him to the Convention. He volunteered and served six months in the war as Lieutenant, having refused the office of Captain.

Since the war he has been violently opposed to Radicalism, and has also been greatly in favor of reform and economy in State politics. He is a farmer, and is well-to-do in the world. It is his intention to enter zealously into the work of the Convention, and to justify his election. He is a plain, practical thinker, who looks at all subjects in a common sense way, and handles them in a straightforward, honest manner.

BENJAMIN F. BURNETT, ELEVENTH DISTRICT.

Benjamin F. Burnett was born at Asheville, N. C., April 14th, 1826. His father was of Scotch ancestry, and was born in Petersburg, Va., during the Revolution. He was noted for his strict integrity and unwavering principles.

His mother was from a historic family, being related to General Montgomery, who fell at Quebec, and also to John Bell, of Tennessee. Young Burnett received a good education at Holston College, East Tennessee. Soon after graduating he entered mercantile business, and has spent his life in that calling and agriculture combined. On December 10th, 1850, he was married to Miss Castleberry, at Fort Gaines. He was a delegate to the Georgia Secession Convention of 1861, and took a prominent stand in that body. On account of very feeble health he did not enter the army, but did all in his power for the cause of the Confederacy. He was originally an old line Whig, but since the dissolution of that party has been a Lemontocrat. He was elected to the Convention under most flattering circumstances.

LUCIUS H. FEATHERSTON, THIRTY-SIXTH DISTRICT.

Lucius H. Featherston was born in Sumner county, Tennessee, on the 9th day of July, 1814, and is now in his sixty-third year. In 1836 he was married to Miss Annie M. Tompkins. The Judge's father and mother came from Virginia and settled in Tennessee. He was educated at Murfreesboro, Rutherford county, Tennessee. He was a private soldier in the Indian wars in our State, and made a fine record in the Creek and Seminole war of 1836, and was Brigadier General in the Georgia militia from 1835 to 1848. Judge Featherston was not himself in the war, but furnished three gallant sons—two of them to the Seventh Georgia Regiment, and General Gartrell, who commanded this regiment in the battle at Manassas, is a living witness to their bravery and good qualities as soldiers.

Judge Featherston has been a citizen of Georgia since 1855, and has been for forty years an active participant in all the political issues. He was a strong States Rights Democrat. He was made Judge of the Superior Court, and held this office in the Talapoosa Circuit for four years, and gave satisfaction to the people and the bar. He has never been an office-seeker, but has always preferred the quietude of private life. He is a lawyer, but devotes his time, when not engaged in his profession, to farming. He is a genial gentleman, true to his friends, and an earnest worker for everything he thinks worthy to advocate. He will make an able member of the Convention. The county of Coweta could have selected no better man as a delegate.

JOHN SCREVEN, FIRST DISTRICT.

John Scroven was born in Savannah on the 18th of September, 1827, and graduated at the University of Georgia. His father, the late James P. Scroven, of Savannah, was a grand nephew of Gen. James Scroven, in whose honor Scroven county was named—a distinguished and successful practitioner of medicine, and a wealthy and patriotic citizen. He was Alderman and Mayor of Savannah, Senator from his District, and one of the projectors and first president of the Atlantic and Gulf Railroad.

Col. John Scroven's mother was a daughter of the late Joseph Bryan, a prominent citizen, one of the organizers of the State government of Georgia, a distinguished patriot in the Revolution, and in whose honor Bryan county was named. The subject of this sketch has been married twice. His present wife is a daughter of the late Dr. H. O. K. Nesbitt, of Augusta, and a granddaughter of Dr. Richard Berrien, who was a brother of the Hon. John McPherson Berrien. Col. Scroven was admitted to the bar in 1849. He has been a Justice of the Inferior Court of Chatham county, a member of the House of Representatives from 1859 to 1861, Captain of the Savannah Volunteer Guards, Major of artillery in the Confederate army, Mayor of the city of Savannah by successive annual elections in 1870, 1871 and 1872, one of the Trustees of the University of Georgia, and President of the Atlantic and Gulf Railroad since 1859. Col. Scroven was in command of the Savannah Volunteer Guards up to 1863, serving with them near Savannah, chiefly on the coast in charge of land batteries.

Col. Scroven is one of the most popular and distinguished citizens of Savannah. He is a man of marked personal characteristics. Of more than Roman firmness, and possessed of great personal magnetism, seems fitted to lead some great crusade against wrong and oppression. A purer or a more generous man never breathed. In him dignity does not have to bear the burden of ostentation. As an orator and as a writer, his style is classical and scholarly—terse, pungent, pithy and vigorous—and will be foremost among the leaders of the Convention.

SAMUEL H. MOSELEY, THIRTY-FIRST DISTRICT.

The subject of this sketch, Samuel Hyman Moseley, was born in the county of Franklin, Georgia, November 17th, 1835. In 1859 he married Miss Georgia D. Cheek. His father, Daniel Moseley, is one of the leading and influential citizens of Franklin county, an intelligent farmer and a prominent member of the Baptist Church.

Mr. Samuel H. Moseley was educated in the private schools of his native county. He has never been a candidate for office, and never held one outside of the army until his election to the Convention.

in your city, and my business is to put up
small signs, it is the general impression that
I am a man that committed the forgery on last
Sat. morn. You will please correct the minds of
the people by stating that the young man was
not connected with me in the sign business, and
that I am still here and doing a legitimate
business. Yours truly,
C. M. VANVALKENBURG.

Hook and Ladder Meeting.

The regular monthly meeting of Hook
and Ladder company took place at its hall last
night. Mr. B. Turner having resigned as
foreman of the company, Mr. C. D. Bowes Fitter
was elected in his place, and is a worthy
successor. Young Fitter was elected
first assistant in place of Mr. Bowes. With
these assistants Hook and Ladder will do, as we
have in the past, valiant service.

Mr. Henry Richardson, of THE
CONSTITUTION, leaves this morning for Dalton,
where he will make an address for the Dalton
female college.

Health at Home.

To those who have experienced the
benefits of this famous resort, it is only necessary
to say that the

Ponce de Leon Hotel

is now open, under the supervision of Mrs. M.
WEBSTER. No better place for feeble women
and children, and all invalids, to spend the Sum-
mer. Here they will find health and comfort
with little expense.

THE HELPING HAND.

Macon Provides for Mrs. Watson.

I will be gratified to have you come to
see that the good folks of Macon have

done for the benefit of the family of Mr. A. R. Wal-
ton, the late editor of the Macon Telegraph
& Messenger. The proceeds of a lecture de-
livered for the benefit of the family will add
about \$25 to this amount. A concert is to fol-
low, from which it is hoped as much more will
be raised. This is about \$100.
